The **Schroer Bolt** Legacy

The foundation of the **Schroer Bolt** legacy was laid in 1931. Al Schroer, who retired in 1973 as President and CEO, was hired by **Pheoll Manufacturing of Minnesota** to work as a truck driver. Al's son Bob, who served from many positions including Vice President and Controller, built upon this base from the early 60's through 1994. In 2003

Andy Schroer, son of Bob and grandson of Al, saw a void in the marketplace that needed to be filled – and **Schroer Bolt** was born.

Andy Schroer sees the need for a fastener supplier that will always put the customer first. Whether the requirement is a dozen bolts for the shop, or 400,000 screws for the production line, all customers deserve to be served fairly, honestly, and quickly. This is the pledge **Schroer Bolt** brings to you, our valued customer: We will serve you daily as a key member of our business family.

We invite you to join the growing legacy and become a part of a business that has been building for generations!
